On July 3rd, CredCom voted to authorize the Steering Committee to rule on the challenges to KS, TX, and YES. The Steering Committee met on July 5th to review the challenges. For all three, the decision was made to deny the challenges, since they do not meet the criteria for challenges to credentials as described in Presidential Convention Rules, Article IV, Section 4-8.

4-8.1 Challenges shall be filed with the Credentials Committee and shall include an original and four duplicates of an affidavit entitled "Challenge to the Credentials of the Delegation from _____," (designating the Caucus or State Party whose Credentials are challenged), which attests to the accuracy of its contents and states that, either:

4-8.1(a) a state party or caucus is not qualified under the rules to elect and seat a delegation; and/or,

4-8.1(b) the number of delegates and/or delegate-alternates issued preliminary credentials by the committee is more than the number the delegation is entitled to under the rules; and/or,

4-8.1(c) an individual delegate issued preliminary credentials is not entitled under the rules to serve as a delegate or delegate-alternate.

For KS, the decision not to take up the challenge was made by consensus.
For TX and YES, the decision not to take up the challenge was made by a vote of 5 to 2.

Best,

Kristin Combs
SC Liaison to CredCom
